Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Fewer than three comparable sales have been identified within a two-kilometre radius over the preceding six months. This three-bedroom apartment is distinguished from typical local apartments by its uninterrupted water views, desirable south-east orientation, generous accommodation and oversized 66sqm balcony. These unique features, together with the property's overall size and outlook, make it difficult to identify directly comparable sales within the local market.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
